TRULY STUDENT-CENTERED

As work progresses on our expanding Student Center, it's an appropriate time for a Special Annual Report to reflect on the incredible teamwork it takes to keep a college running, and more importantly, to keep it moving forward.

The faculty and staff at Lynchburg College are dedicated to a liberal arts education that prepares students to address the challenges of the workplace and the world by thinking creatively and intelligently. We are a community that is truly student-centered.

Our alumni and friends spread the word about the benefits of a Lynchburg College education, help mentor our students, and give back to the College as they are able.

This Special Annual Report points to the contributions of many individuals who help make LC an outstanding academic institution, accessible to students of all backgrounds.

A MESSAGE FROM THE PRESIDENT

As our student body has grown, so has momentum to expand and modernize our Student Center, built in 1968. As Lynchburg College's president for the past twelve years, I've seen a direct correlation between increases in student enrollment and major building projects. Schewel Hall and Shellenberger Field are excellent examples. The expanded Student Center will help ensure that we continue to attract future Hornets.

I'd like to extend a special thanks to our Student Center Campaign Chair Charles P. Collings '73 and Vice Chair Suzanne Farmer Flynn '80, the Campaign Executive Committee, and the Board of Trustees for their outstanding leadership of the Student Center initiative.

Over the past decade, the College's reputation for excellence has grown nationally and internationally. Student enrollment has nearly doubled to 2,700, and recent scores on the Collegiate Learning Assessment (CLA) and the National Survey of Student Engagement (NSSE) show that LC students rank well above the national average. LC was one of eight colleges in the nation chosen for further study for its continuing good marks on NSSE. The NSSE staff was impressed by how intentionally we are creating systems

VISION, LEADERSHIP, PERFORMANCE

Lynchburg College has a well-earned sense of pride.

As chair of the Board of Trustees, I have a keen awareness of LC's competitive advantages.

The College garners national accolades for its academic and athletic successes and is well known for its creativity and faculty-student research. The value of a Lynchburg College education continues to increase.

One of our greatest assets is the College's team of administrators, faculty, and staff led by President Kenneth R. Garren. For more than a decade, President Garren — with his equally devoted wife Sheila — has guided this extraordinary group, enhancing the College's national standing and prudently expanding LC's facilities, both on- and off-campus, in the face of challenging economic conditions.

President Garren's leadership extends beyond LC's campus. He has served also as a board member of the Southern Association of Colleges and Schools, one of the nation's largest higher education accrediting organizations, and was the Division III representative to the National Collegiate Athletic Association (NCAA).

The College has continued to enhance its mission, one student at a time, because of Dr. Garren's engaging, supportive, and collaborative leadership style. He deserves a tremendous amount of appreciation, and he is a major reason why this year is worthy of celebration.

of support, ranging from achievement and persistence awards for students who have shown significant academic improvement to experiential learning grants to give more students the opportunity to conduct research with faculty, study abroad, or have internships.

LC has also become an NCAA Division III powerhouse. The Hornets have captured 168 Old Dominion Athletic Conference championships, and regularly have a high number of All-Academic Team members.

We will, of course, remain student-centered as we continue that most sacred LC tradition. The College has launched initiatives to engage alumni and parents in the mentoring of students to ensure they have access to internships, job opportunities, and a network of fellow Hornets to help them navigate their entry into the workplace.

Thank you for allowing me to serve Lynchburg College.
Let us continue together to change lives.

STUDENT-CENTERED

"An expanded Student Center will truly give LC a central hub that buzzes with excitement. The increased interaction among students in a centralized location will give new meaning to 'Hornet Pride.'"

Alex Tomko '12
President, Class of 2012

Ask students what the campus needs most and the answer will likely be, "a new student center." When LC's newly renovated and expanded Student Center is complete in the fall of 2014, it will not only meet the needs of today's students, it will keep pace with the College's top-quality academic programs and nationally recognized athletic teams.

The building's design emphasizes four key values in the lives of Lynchburg College students: leadership, service, diversity, and wellness. The \$12 million project will include additional meeting spaces, improved dining and catering facilities, a veterans lounge, multicultural center, workout and game rooms, and a long overdue elevator.

LC's investment in the Student Center puts us on solid footing for the future, and it demonstrates that Lynchburg College is truly student-centered.

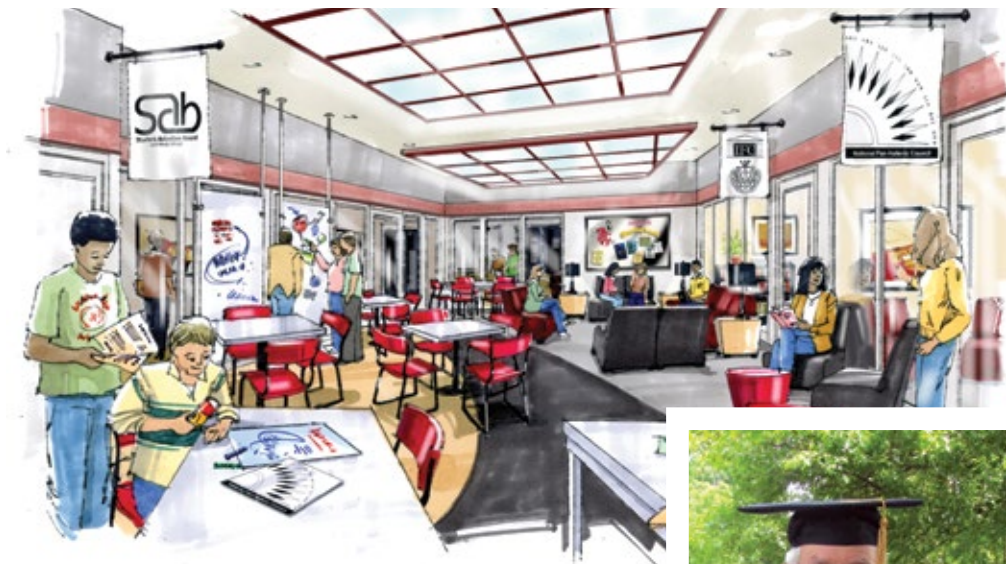

PETE'S PLACE CHALLENGE

Dr. D.L. "Pete" Warren '12 D.H.L. was a man of many talents. At LC, he was a professor of counseling and human development, dean of the School of Education, dean of students, interim director of church relations, and director of counselor education. He served a year as interim chaplain, and the College awarded him a doctor of humane letters.

Dr. Warren also served the greater Lynchburg community through numerous volunteer activities, was a member of many civic boards, Lynchburg City Mayor, and chair of the United Way of Central Virginia Annual Campaign.

The College plans to honor Dr. Warren by raising a total of \$400,000 to name the new Student Center's club and organization room "Pete's Place."

CHANDLER ECO-LODGE AT THE CLAYTOR NATURE STUDY CENTER

The Claytor Nature Study Center has become one of the region's most comprehensive sites for the study of science and the environment. A new lodge, now under construction, will provide a place for students, faculty, and other researchers to stay at the 470-acre natural preserve. Former trustee Charles R. Chandler was an early donor to the project and named the Eco-Lodge for his family.

For additional information on Claytor Nature Study Center, please visit: www.lynchburg.edu/claytor.

THE CHRISTIAN CHURCH

Lynchburg College is affiliated with the Christian Church (Disciples of Christ), a denomination with a tradition of welcoming persons of all faiths. The College was founded as Virginia Christian College by Josephus and Sarah Hopwood and a group of Disciples of Christ ministers and businessmen. The College receives annual funding from the Christian Church (Disciples of Christ) through the Disciples Mission Fund and the Thanksgiving Special Offering for Higher Education. LC has always nurtured the concept of vocation, both for the countless pastors educated at LC and for the lay people who understand faith and a commitment to justice as part of their life work. The current Board of Trustees, which reaffirmed our church affiliation in 2011, boasts four Disciples of Christ members and several others with strong Disciples ties.

The 1903 Society

ANNUAL GIVING

In 1903, Dr. Josephus Hopwood fulfilled a dream of establishing a college at which young men and women, through spiritual and intellectual development, would prepare for meaningful lives of leadership in their communities. In his autobiography, Dr. Hopwood recalled his first impression of the place which would become Lynchburg College: "On arriving at Lynchburg, I was shown the beautiful Westover Hotel, facing God's great sentinels from Pedlar Mountain to the Peaks of Otter. That was an inspirational moment."

Dr. Hopwood had found the "ideal college site." He turned to his colleagues and declared, "Boys, we'll take it." With great vision, he asked each of those men to give \$100 toward the purchase of the property. These gifts, combined with a \$1,000 pledge from an area business, established what would become Lynchburg College. The faith, vision, and philanthropy of this small group began a tradition that has sustained the College for more than a century.

To honor the accomplishments of Josephus and Sarah Hopwood and the many others who assisted them, The 1903 Society recognizes alumni, parents, and friends who, through their annual support of \$1,000 or more, uphold Lynchburg College and its students. Support from members of The 1903 Society helps maintain the level of excellence that alumni, parents, and students have come to expect.

Lynchburg College honors the following donors as members of The 1903 Society (2012-2013) for their support of \$1,000 or more (July 1, 2012 – June 30, 2013).

THE VIRGINIA FOUNDATION FOR INDEPENDENT COLLEGES (VFIC)

Since its founding in 1952, the Virginia Foundation for Independent Colleges (VFIC) has provided generous support for Lynchburg College and its fourteen other member institutions. VFIC contributions are vital to the College's unrestricted Annual Fund and other programs. VFIC contributions that are undesignated from business and community leaders are distributed to the non-tax supported member colleges and universities according to a standard formula: 40 percent on the basis of undergraduate enrollment and 60 percent divided equally.

The VFIC also contributes special grants to restricted projects, and this past year the College received \$28,500 as a capital grant toward Visual and Performing Arts to implement "e-Arts across the Curriculum," designed to enhance the integration of digital art forms and creativity into multidisciplinary coursework and campus programming.

The VFIC also provided the College with support for scholarships, student research, and the library. In 2012-13, the VFIC secured a total of \$3,031,351 from many businesses, benefactors, and endowments. Of that sum, Lynchburg College received \$154,580.

HIGHLIGHTS OF 2012–13

FORTY-ONE STUDENTS IN THE COLLEGE'S FIRST DOCTOR OF PHYSICAL THERAPY (DPT) CLASS graduated in May 2013. The DPT program was granted candidacy status by the Commission on Accreditation in Physical Therapy Education (CAPTE) in 2010 and was fully accredited April 24, 2013.

ABOUT 700 LC STUDENTS contributed 70,648 hours of community service in 2011-12 to earn Lynchburg College a place on the President's Higher Education Community Service Honor Roll for 2013.

LC RANKED 17TH IN THE NATION AND FIRST IN THE STATE in the National Association of Collegiate Directors of Athletics Division III Learfield Sports Director's Cup Standings for fall 2012 sports. The Learfield Cup is awarded to the institution whose athletic teams perform the best in the NCAA tournament.

REVOLVING GREEN Solar tubes on the roof of Montgomery Hall heat water for this freshman residence hall and save about \$7,000 annually in water heating costs. This project was partially funded by a \$46,500 grant from the Jessie Ball duPont Fund, which also provided \$70,000 for water and electrical sub-meters in twelve residence halls, and more recently, \$125,000 to establish a Green Revolving Fund that will finance additional energy savings projects annually.

CORPORATE PARTNERSHIPS

The Central Virginia Center for Simulation and Virtual Learning: A Joint Partnership between Centra and Lynchburg College

The Central Virginia Center for Simulation and Virtual Learning began with a \$200,000 grant awarded by the Virginia Tobacco Commission to Lynchburg College and Centra in 2009. The first phase of the center is complete and consists of five acute care inpatient rooms, one critical care inpatient room, one labor and delivery birthing suite, two primary care exam rooms, one home health apartment, and an ambulance venue. Orion, the most technologically advanced audiovisual system, is featured in the simulation areas.

The second phase of the simulation center will create a virtual hospital environment with two acute care rooms, another labor and delivery birthing suite, two critical care rooms, an emergency department triage area and trauma bay, operating room, and a helicopter, as well as a nurse's station and medication room. Upon completion, the center will be the only one in the Commonwealth that offers the full spectrum of simulation venues, as well as one of the largest.
